

Profile of Mr. C V Gowri Sankar

Mr. C V Gowri Sankar has a Mechanical Engineering Degree from Govt. College of Technology Coimbatore and a Certificate Course in Manufacturing Management from Madras Management Association.

Has 37 years of experience in Auto components manufacturing and various assemblies in Ashok Leyland Limited. Has a sound knowledge of Industrial Engineering and has been instrumental in commissioning major production lines. Has a passion for man management through' which acquired a sound base for Quality Circles. Associated with QC movement right from the first circle in Leyland "LOTUS" way back in 1992. Sensing his passion for QC movement and Total Employee Involvement, he was made Head of TQM.

During his stint as head TQM, he ensured a geometric increase in TEI and from a moderate number of 100 and odd circles, AL Ennore unit made a quantum jump to 1000 circles.

And under his leadership, AL Ennore has set a benchmark for in-house competitions of QC; for nearly one month, their training centre vibrates with lot of energy having 3 streams of judges analyzing more than 1000.

Has a passion for training middle level executives and grass root level workmen on various subjects such as FMEA, PPAP, APQPCP, TPM, 5S, Q7 tools, SMED, Poka yoke, etc.

Currently Life Member in Quality Circle Forum of India, Chennai Chapter and Secretary in National Institution of Quality & Reliability, Chennai Branch

He is spearheading mission 20K of NIQR. He has so far conducted 50+ awareness programs on Industry 4.0 covering 14000 people.
