17th NIQR Global Quality Convention

NIQR - SCHWING STETTER AWARD FOR OUTSTANDING MSME - 2023
to

Somik Enterprises Pvt. Ltd.

Ludhiana

Presented on 16th September 2023 at Chennai

Founded in 2001, with a vision to become a leading and committed manufacturer and supplier of Forging, Pressure die Casting and Machined Components of highest level of Customer Satisfaction to Auto Sector, Somik Enterprises in Ludhiana, Punjab is now bringing threads together and working towards a sustainable future dedicating over 25% of their factory site to a Green Zone, besides installing high capacity Solar Plant to reduce carbon footprint and eventually become self-sufficient on their energy requirements to a greater extent in coming years. Both these endeavors demonstrate the company's Social Responsibility for a sustainable growth.

Employing state-of-the-art machinery and adopting on an on-going basis the developing trends in manufacturing techniques, the company is consistently and meticulously crafting products to meet their customer preferences, maintaining a high standard of precision and durability.

Accomplishing their Vision, the company has a track record (for the previous seven years) of achieving first-time PPAP approvals and 100% on-time delivery with zero premium freight and zero PPM rejection at their customers worldwide. One of the Testimonies for their excellence is that the Company has received the "Best Emerging Supplier Award" from Dana Corporation.

The Company have earned the Quality and Environment certificates viz.,: ISO9001 / 140001 / IATF 16949:2016 and could maintain over 80 % productivity with improved Sales per employee ratio. Through continuous collaboration, improvement, and an unwavering customer-centric approach, the Company is poised to establish themselves as the top choice in the industry by setting new benchmarks for excellence and enriching the prosperity of businesses with products that elevate their success as well as Customer Success.

With enthusiastic and highly self-motivated leadership, the Company is steadily moving forward exercising a stringent review mechanism, such as DWM, weekly and Monthly Reviews. The Visual Control Systems aids education, 5S maintenance and enable Operators to adopt Safety Precautions. Somik has launched SOS – Somik Operating System, which elevates the skills of its employees through training and encourages all employees to adapt and assimilate a working togetherness and continuous improvement Culture Their onward journey is based on the belief "One Team...One Dream".

With immense pride and privilege, we, the members of NIQR, presenting the NIQR-SCHWING STETTER AWARD for OUTSTANDING MSME – 2023 to Somik Enterprises, Ludhiana, Punjab on this day 16th September 2023 at Chennai.
